03 A DAY IN THE LIFE OF A GOREAN FREE WOMAN

by ©Alisha Ultsch 2010

[Reprint of the Voice of Gor, Volume 2 Issue 57 [07/14/2010]

Today, as usual, I awoke long before dawn and after a long yawn I nod to the slave girl who has awoken me to bring me my robe. She places her candle on a table and after fetching the robe, holds it up by the side of the bed. I slip out from under the furs and into it in one graceful movement, such that even if my companion Carleanus were not soundly asleep, and as ever snoring loudly, he would have caught but the barest glimpse of my naked body. The girl pulls the hood of my robe over my head and makes the slit for me to see through align with my eyes. Well more or less anyway. Being a free woman of an upper caste on Gor isn't supposed to be easy, even in your own bedroom. You just have to get used to relying on your slaves to lead you around safely. But since they can quite justifiably expect punishment if you do knock yourself, they perform an excellent job of making sure you don't trip over anything.

Zwei guides me over to the open boxes where the kajirae are kept when asleep. I bid that she wakes them and once all four are stand in line. I indicate for Drei to wait to attend to her master when he awakes whilst Ein, Zwei and Vier are to come to my dressing room. Our first

girl, Ein, leads, holding aloft a candle so we can see where to walk. She is an elegant beast, with long black hair, a tiny waist and an ample and eminently smack-able backside. I forget her birth or previous slave name now, as after I came to live with Carleanus, I gave them numbers, this seeming a far more logical arrangement to me as well as saving me having to remember their names. For the first few days I used One, Two, Three and Four but soon found that using the Germanic language from Earth avoided confusion by preventing them thinking they hear their name whilst I am in fact referring to the number of larmas I wish them to bring. Their new slave names constantly remind them of their current rank, and that I can change their names, and hence their order in the house hierarchy, at my slightest whim. On my fifth day here, Ein made an indiscretion and I demoted her all the way down to Vier which she took well but I myself slipped back to calling her Ein again within a few days, as her many abilities soon raised her up to the top position once again. The other three seemed quite relieved to have their old numbers back as well, it being quite confusing for me to call out a number and two of them respond. Still that is far better than none of them of course. I now notice several of our neighbours are adopting the same naming scheme which indicates to me how sensible it is.

Once in my room, I indicate for Zwei, the girl who has been awake on duty all night, to roll up in a ball at my feet to keep them warm and to get some rest, whilst the other two set about dressing me. The soft larl fur robe is removed and they cleanse me with wet flannels and dry towels, and then begin the long process of dressing me for the day as I eat my main meal of the day before I am completely shrouded in my robes when eating and drinking becomes a much more difficult manoeuvre. Quite why I need so many layers of garments is still a mystery to me but Ein seems as creative in dressing me in the morning as Carleanus is in undressing me in the evening. After he first undressed me after our free companionship ceremony just seventeen days ago, I assumed that would be his end of interest in such matters. However, it has been quite the opposite and the heavy ceremony robes with their eight layers of veiling I wore then, now seem as though I was underdressed for the ceremony.

As you probably are aware, a proper robe of concealment is finished off with five layers of veil, namely the sheer Last Veil, the Veil of the Citizen, the Pride Veil, the House Veil and the Street Veil. Not in this house! Carleanus' mother is from a place on Earth called Arabia or something like that and the women of her family there never exposed their faces to anyone but their husband and daughters. On coming to Gor she seemed to delight in exceeding even that strict level of veiling. On meeting me for the first time she simply lifted my veils and inserted a new one underneath which I have to hold in place with my mouth, rendering me mute. I don't wear that all the time but am expected to do so when she is around. And of course she was around for the companionship ceremony so all I could do was nod that I was indeed the first daughter of my father and then leave him to answer "she is" or "she does" to the other questions. That was such a fulfilling moment I still dream about it often, one man giving me to another, not as a slave but as someone of great value to be cherished and protected as only a Gorean man can.

WHO WERE THESE MEN....STRANGE STRANGERS AT THE GATE

By Teal Razor

I had a "run-in", of sorts, this week and when it was over, I retained bad feelings about the whole encounter.

My Master was on gate duty and he was having some rather odd interaction with a few questionable Gorean males. They spoke a strange dialect, which made the questioning even more difficult than normal.

These strangers at the gate were acting like urts, looking like urts, and boy did they smell ripe. Oh excuse me; I am not to criticize the free. Now, there is no way I will try to soften that. I mean picture a bosk; picture all the long hair on that wondrous mammal. Now think about the heat at the highest point of La Torvis on a day in the middle of En'Var. The bosk has been lying down in its filth. Now if you inhale deeply you will have the scent of these strangers at the gate. My eyes were starting to water and so I excused myself from my Master's side, feigning some malaise or other. I ran to the gate that took me to the inside walls where I climbed 3 flights of stairs to get to the top of the walls. Once up there, I inhaled deeply of the cool breeze that was blowing off the Olni River. I stayed on the wall until my eyes cleared and my stomach stopped churning.

I came around to my senses and went back down the walls and into the gate keepers fortress and peeked through the notch to observe the going's on at the gate well out of range of my olfactory's. The exchange between these male stink machines and my Master was not heading in any plausible direction. I came out and knelt by the inside commons gates. It was about as close as one could get without passing out from the noxious off gassing from their collective personages. I looked above to the landing of the warrior's hall and there stood Captain Atlas with a bemused look on his face. I wanted to shout to him to get closer to the action down below, thinking that I would see a very different look on his face once he breathed deeply of the fetid cloud that surrounded these strangers.

They claimed to be from Vonda. I found that fact ludicrous. I have been to Vonda and all I can remember was the scented oils and delicious food smells. Vonda's citizens appeared bright and shiny in their clean robes and tunics. The slave's seemed well arranged and sweet smelling. How were these escapee's from the cesspool related to those lovely folk in Vonda? I immediately thought, "These men are from Treve and they have come to case the joint." My jaw dropped when my Master, having no reason to keep them out of Port Olni, opened the gate, checked them for bows, and opened the gate to the commons.

Another slave came to join me. Since this slave was newly acquired by the House of Spiritweaver, her name was 3040. This 3040 knelt next to me and wanted to know the skinny on the gate hubbub. I started to tell her when the strange, malodorous trio came over to 3040 and myself. They loomed large in body and in scent. I looked over to the other kajira and I could see her eyes start to water from the stench. I could not help but laugh and I was immediately chastised by one Master Fetid. If that wasn't his name, it should have been. I immediately offered my services to bring them hot food and drink. They ignored this offer and just stood there making grunting noises. The vocalizations emanating from the pie holes in

their faces went something like this: “ahhhhhh, ahhhhh, ahhhhh, piss piss, piss piss, hog, and hog hog.” They also kept putting a “Z” in front of every noun. For instance, “Z” slut, “Z” gate, “Z” ale, etc. I kept wondering who the hell “Z” was.

This was all confusing to say the least. They stopped all their grunting to demand that they be taken to the tavern. This I dutifully did. I watched my Master through the bars of the gate, frowning at him as I passed. I mean, I loved serving in the commons; you get to meet so many travelers, it gives you a chance to hobnob with the good citizen’s of Olni. But...in the tavern, Gorean males usually have other needs which I was not willing to fulfill at the moment. I was not disappointed in my supposition, for once the doors of the tavern slammed, the odor crew demanded sexual acts. The slave 3040 was a little disconcerted and I was glad she was there to help “relieve the burden”. One of the strangers, who were ostensibly from Vonda, was mute because of having his tongue sliced off. It is really too bad he did not have his tongue, it might have been better if he had lost his nose. The mute one kept saying, “ahhhhhh, ahhhhh, ahhhhh...” while forcing the head of 3040 into his lap. The other two, amused themselves with pouring ale over my head for kissing the side of the tankard and deciding which one was going to use my mouth first.

I have poured over the scrolls of the historian Master Norman as my Master has directed me in his lessons. I realize that this tavern travesty was not unknown in the past on the planet Gor. Gorean males are sexy beasts to be sure. Please forgive me for using the word “beast” but it is an apt descriptor of Gorean man meat. Furring is usually on their minds. Although, it has been my experience that when a free man uses me, he turns into a romance machine. These men desire bathing in hot scented pools of water and being massaged with delicious oils. It is a delight to pleasure them at these times. The historian writes of males who take what they want, when they want. This is as it should be and I do remember that the historian admonished, “If it is not beautiful, it is not Gorean.” It appears that the historian, Master Norman, has put us all on notice. We all need to have within us, exquisite beauty. I mean really, what are we all residents of Port Kar or Treve? I think not. We are people of cosmopolitan thinking, for the most part. On earth there was a word being popularized among the dwellers. It was a “made up” word to define a male cosmopolite. The word was “metro sexual”. I think I have translated it into the Gorean with sufficient aplomb.

Not to say that Gorean males should go around carrying a fresh pair of panties in their back packs, but rather be groomed for the odd occasion that may present itself when searching for someone to couple with. Every slave thinks fondly of such encounters with males who manscape and smell like a fresh breeze off Thassa.

Once again, I digress. You see, this humiliating show was witnessed, through the foggy window by passers by. I wondered if my Master would appear through the doors to oversee this episode in my life. I was unaware that his duties increased at the gate and he was detained. I felt ill-treated by these fish-monger’s bastards. This is one of the few times since arriving here that I was in fear for my life. They made veiled references to our displeasing them and the punishment that they could reign down on 3040’s head and my own.

When they tired of amusing themselves with us, they made a beeline for the gate and to the docks.

I followed my Master as he opened the gates. He closed them after the gas clouds left. He

stood looking out the gate and I sat in silence. After a few eh he turned to me and looked down as if to say, "Oh, you're here." He said, "Something is wrong, you seemed vexed." I was happy that my change in tone, resorting to my "Mr. Roboto" voice, caught his attention. I was mumbling things under my breath; some of them caught the eardrums of Captain Atlas. When that warrior asked if I had said anything, I told him I was remarking about the lovely new flowers on the hills. My Master knew better than to buy into my deception. After the warrior left, my Master started using the third degree on me.

"My slut", he said, "those men were of Vonda, and they would not dare to hurt you. And I pray that you pleased the free as you know you should." I snorted at the "Vonda" part.

He went on to say, "I do not wish you to be harmed in the least and I am pretty certain that I have expressed my love for you. Do you doubt that?"

I replied, "I try not to think on it too much my Master. Since a slave should not be curious about whether someone loves them or not. It is unbecoming to a slave. I serve you to the best of my ability. I serve with passion and try to live up to my slave paces. I am not required to do any more I believe. I am your property after all." I could tell that this cut him to the quick. It was impudent of me to give such a cold answer after the kindnesses he has extended to my unworthy self.

He cleared his throat, lifted my chin and said quietly, "Teal, I love you with all my heart. You are my love slave. There is no other and that is my final word on that."

I know my Master to be a Gorean of integrity. I knew he was telling me the truth. I said happily..."My Master lets go home and soak in the tub and then afterward....."

RARE DIALECTS OF GOR

10 ROLLENSPIEL-JAGD IM SUEDLAND

Wir wollen etwas ganz anderes ausprobieren und hoffen auf möglichst viele RP orientierte Mitspieler.

Kurz die Vorgeschichte:
Kasra hatte „Ärger“ mit einem Panther Tribe und wollte Vergeltung.

Achtung jetzt kommt eine böse Unterstellung ;-)
.....Normalerweise würde jetzt eine Armada vor dem Lager aufmarschieren und man würde sich in einem GM Gerangel so lange beharken bis ein Admin gerufen werden muss, oder eine Seite frustriert aufgibt. Wie so oft in diesen Situationen, wird eventuell Gefangenen wenig bis keine Aufmerksamkeit geschenkt weil sie sowieso nach dem raid wieder freigelassen werden.

*****Genau DAS wollten wir NICHT*****

Daher die Idee etwas, für uns, neues zu ausprobieren.

Eine RP orientierte Jagd durch das ganze Südland

Wie soll das ablaufen?

Wir (Kasra) werden in Gor auf Deutsch für die Jagd werben und versuchen so viele Jäger wie möglich zu gewinnen.

Um an der Jagd teilzunehmen, muss sich jeder Jäger in Kasra im Jagdverzeichnis registriert lassen und die Bedingungen der Jagd anerkennen.

WARRANT

When I got to the Bank this morning I saw some repcloths on poles around it. There were words on it, and after deciphering them, it transpired they had been left by a member of the Sa disani or something like that . The Bank is offering a reward of 5 silver tarsk for each one of this band brought to the Bank.
Lady Vikki, manager.

REWARD - DEAD OR ALIVE

A messenger arrived at the HoY headquarters delivering this scroll, sealed and encrypted:

"On Monday night of this week a man with long dark hair, a small short beard around his jaw line and a patch of hair under his chin came to Olni and confronted, if that is a good word, the Ubar of Port Olni as he was leaving the small area after a spar match. The Ubar was talking to his Captain of the guards, Siri Emerald. We found out through his confession that he was from Port Salaria. He wants to kill Yuroki.

He confessed to using a lot of different weapons so I could not vouch for that..He is slender of body and dresses all in black...He usually has a Glaive on that looks like a Q-tip with spikes on the ends encrusting it. I have never seen this glaive and I watch weapons obsessively. It is quite unusual."

The House of Yuroki Companies will pay

TWENTY GOLD TARN

for this man DEAD OR ALIVE.

His name is unknown but the description is very accurate:

ADDENDUM:

[09:20:07] ΔιμΐϚΗαεϋ Ϛ SKYTOWERΔιμΐϚΗαεϋ Ϛ SKYTOWER from the ferry he sailed, toward the destination in hand. Information may have been scarce, but it was information he still hand. Without a word he would pull the small boat along side the larger one, and proceed to clip the nets, climbing from the side fo the ship to the main deck, clear up the mast to the vulture's row. From there he climbed over to the pulley, and then to the top of the building where that opening was. He shimmied himself passed that and then into the office, clinging to the shadows calmly and then headed inside where the man was seemingly sleeping. He had a contract on this man himself, but instead of carrying it out, he would simply place a dagger on the fool's desk, and then leave the wanted poster on the desk jammed into it with a single message to him. "Challenge accepted."

[09:28:26] ΔιμΐϚΗαεϋ Ϛ SKYTOWERΔιμΐϚΗαεϋ Ϛ SKYTOWER once that was done, he would simply head back out the same way he came in, diving off of the side of the building to the water below, and swimming back to his boat, before the beasts became akin to his presence

in their dwelling. Once he was secured back in his boat, he would simply sail himself back off toward his next destination further down the vosk.

The Gorean Recruitment Centre (GRC) has, since its creation in 2009 , expanded on a regular basis. and this is due NOT to the wishes of the Owner, but because of the needs of the people who use it.

ROLEPLAY

19 THE DEATH OF JARVIS AND LEANDRA

by Jarvis Quan

[Reprint of the Voice of Gor, Volume 2 Issue 57 07/14/2010]

Jarvis made his secret preparations. For all his bold talk of the invincibility of Vonda, Jarvis was an old man and one does not get to be an old man in Gor without always planning for the worst. So, as the men of the Crimson Spear set up their siege engines, he set into motion his own plans for the protection of his family.

Jarvis had sent word for his youngest son to return north from Turia but as soon as the youth's tarn had landed, he ordered his son to Port Olni, sending him away from Vonda. The youth protested with all the bravado of immortal youth. He demanded to be with his brother

and father but Jarvis was so stern that Jarvis Junior, agreed. The red hair and green eyes on his youngest son reminded the older man so much of his newly dead companion that Jarvis Senior had to fight to not give in to weeping again and stay focused in the moment where he was needed.

Jarvis took his four favorite girls and placed them in the care of his son and charged him with escorting his half sister, Angeliquaelle to Port Olni where Abbi, Pitu, and his twin Verona, had already evacuated. It was Angel who had given Jarvis Junior the nickname that stuck. "J-J" the family called him. Angel had been a second mother to "J-J" the way she had to all her brothers. Jarvis had also sent Angel away with all the required papers to make sure his estate was protected in the event he died. He had given into to her suggestion to name her son, Davis, as his heir. Angel had been right. Jay was gone with his outlaws, Brigand was no scribe, and "J-J" was still far too young for such responsibility. Davis was the best choice among his male heirs. Angel would keep his tendency to controlling and greediness under control. Jarvis ignored the uneasiness in the pit of his gut and stopped himself from useless wishes that "J-J" was older. If he lived through this, then he would correct it when "J-J" was old enough.

Forcing Angel and his girls to leave with J-J had been difficult but it was impossible with his sister. Leandra point blank refused, saying nothing short of J-J collaring or killing her would force her to leave her brother. In the end, Jarvis relented only because he knew now how Leandra felt. She too had lost her companion and soul mate, Marius, some years ago. With the death of Zenith, Jarvis knew he had underestimated her pain over the years. He was an old man but she was older. They had no peers left, no one as old as them, not one of their childhood friends or the many others they had known over the long years were left alive. Only Leandra had been able to comfort him after Zenith's death. They only had each other and no one else. In the end, he understood and he was glad that she insisted on staying. If they had to die, better to die together. He knew neither one would want to go on without the other.

ONLINEISM OF THE WEEK

20 DISNEY GOR

by Larah Oh

What is Disney Gor? the answer to this question needs some explanation. See the answer below.

four different versions of gor exist in sl:

Athenian Gor
Spartacian Gor
Evolutionary Gor
Lifestyle gor

Athenian gor:

Life in Athenian sims shall be strictly by the books. Athenians feel the vocation to teach everyone. Every roleplay is played out after strict rules, variations are not allowed if they can't be similarly quoted. Roleplay is quite self-centred, every roleplayer is definitively the most important person in his/her environment. Behind the Athenian veil frequently cruelties are hidden that would not be roleplayed in a sane environment. Generally Athenians have the 'best intentions' however miss the fact that there are some hard contradictions in the books to a practical roleplay environment, eg serves more beautiful than in the books are well possible, or that true dominant women exist. However it's a Gor where kajirae feel well, as can be seen by their numbers.

Spartacian Gor

Life in Spartacian Gor does not really care for the books. Spartacian Goreans say otherwise, but more or less everything is accepted, as Spartacian Gor is about battling. Double Black Kill Berserk-Mercs from Hellraiser thunder flash Shadow battles Shadow Blackhand-Dagger of Helldeth MegaDarc Outlaws, women are usually clad in motorbike leathers and spiked boots, Men wear black jeans, black boots and the ultralarge sword and steel reinforced spiked bows on their backs. Kilts and tats are a must-have in Spartacian Gor. Outlaws accept female and male fighters, it's fighting skills and numbers that count. Usually the numbers of kajirae is quite small in these groups as there is not much camp life except capture roleplay or battle preparations.

Evolutionary Gor

The role play model of Evolutionary Gor is based on the theory that after the scrolls of Tarl were written, society evolved. Life in Evolutionary Gor is usually less formal and less brutal than Athenian Gor, as some excesses are left out. Evolutionary Gor frequently uses environments that are less described in the books, like the southern jungles of Gor or the northern fringes. In contrast to Spartacian Gor there is usually less warfare, in contrast to Athenian Gor there is usually less brutality and less self-centeredness. The number of kajirae is medium high as the environment is often less strict and battle occurs frequently.

Lifestyle Gor

Like Athenian gor, lifestyle Gor has the best intentions: Lifestyle Gor intends to be an environment that is very Gorean, but strictly consensual. The drawback of Lifestyle gor is its denial of enforced behaviour. Gorean society IS nonconsensual in its layout, as it is enforced by male dominance, cities and castes. Lifestyle Gor tries to overcome this drawback by laying out strict rules. However the vibrating strong imbalance of Gor, strong men, the power of cities and of castes, the helplessness of kajirae is somewhat lost in lifestyle Gor. Male dominance is usually entirely lost.

However lifestyle Gor frequently encompasses many roleplay aspects like collaring or branding.

The number of kajirae is usually very high as no battle occurs and there is a strict set of rules to stick to. Lifestyle Gor is frequently but not always led by FW or kajirae.

none of these groups really exists in its truest form, most groups are more or less this or that.

now we can answer the question: what is Disney Gor?

every group sees all the other groups as Disney. Therefore most Goreans are Disney Goreans, seen from any others view.

ABOUT THE NEW VOICE OF GOR

(OOC) FREQUENTLY ASKED QUESTION

Is the NEW VOICE OF GOR OOC or IC?

This newspaper is available IN CHARACTER at message boards in several cities. But it has OOC parts and IC parts which can be identified although many people mix both. We try to keep the two separate. But if you start a storyline based on an IC article of the NEW VOICE OF GOR it would be useful for a moderator to have a log where you have read the message ICly.

The NEW VOICE OF GOR can be true or false, propaganda or journalism like on earth. There is no freedom of the press on Gor. Why let the truth get in the way of a good story?!

"Goreans were not always fooled by posts on boards.
Those who control the public boards, it is said, control the city.
But I was not sure of this.
Goreans are not stupid.
It is difficult to fool them more than once. They tend to remember."
(Magicians of Gor)

Why is "publicare et propagare" the motto of the NEW VOICE OF GOR?

You all know that Goreans use message boards to spread news, announcements and gossip. Such are found at various points in Ar, such as the vicinity of squares and plazas, near markets, and on major streets and avenues.

Books are rare on Gor and expensive. Paper is the essential trade good of the Rencers and they sell their wares on both the eastern and western edges of the Delta of the Vosk river. The NEW VOICE OF GOR is a collection of renece paper scrolls but the editor paid some message boards too to spread the newspaper. Gorean Public Boards sometimes made people angry. Those who control the public boards, it is said, control the city.

We took our motto from the Acta Diurna [latin: Daily Acts sometimes translated as Daily Public Records] on earth. The Acta Diurna were daily official notices in ancient Rome, a sort of daily gazette. They were carved on stone or metal and presented in message boards in public places like the Forum of Rome.

Acta Diurna introduced the expression "publicare et propagare", which means "make public and propagate". This expression was set in the end of the texts and proclaimed a release to both Roman citizens and non-citizens.
