# THE SLAVE'S CORNER ~ A Satiric View of Life on Gor

By Teal Razor slave of Siri Emerald Jr Port Olni Scarlet

ASK TEAL ~ Dubious Advice to Goreans  
By Teal Razor

DEAR TEAL:

I am a free woman who is desperate to find a companion. I see free men everywhere in my city, they are either with companions or walking with a retinue of slaves behind them. In other words, they are most unapproachable. I have been courted by some five men in the past but after a few weeks, they disappear from my life and if I see them in the commons or the market place, they turn the other way or cross to the other side of the street to avoid me. Will I ever find one? Where are all the men? Please advise.

DEAR FLYING SOLO:

By the three moons, there must be an epidemic on Gor. Yours is the third scroll I have received this week written about the same dilemma. You give me little to go on. I would need more information to give you the sound advice I am used to dispensing in The Voice of Gor. (coughs) For instance, how mature are you, when was your last bath, do you use mouth wash, are your clothes freshly laundered, do you pick your teeth in public. These may all be clues as to why men flee from your side. Since I have a dearth of answers to the aforementioned I will now impart a primer on dating for free women. Maybe after taking these admonitions to heart you will find the free companion of your dreams.

If your hygiene is not lacking and your robes of concealment cover your natural assets demurely, then I would look to behaviors that could be the "kiss of death" to a budding relationship.

Here are some red flags that a prospective mate will not find appealing in a date. First off, do not make sentimental appeals to his emotions. Don't expect him to say things he is not comfortable revealing. He may not want to tell you of the last man he ran through with his blade or the paga slut he used last night. You might be moved to tears. And generally speaking, men prefer not to see a woman in tears, especially in public. And, you will be in public during your courtship. Think of HIS discomfort when you starting weeping openly in the commons.

Next on the list, and these are not in order of importance as they are ALL important, when in the presence of a free man, alighting on a cushion or chair, for the sake of the Priest-Kings, do it with a little grace. Do not assume awkward positions. A lady in robes of concealment should not sit with her knees up, spread apart, letting her gown settle in between her legs. You are not at the physicians office getting a gynecological examination. Now this rule is thrown out the window when in the privacy of your own quarters away from judgmental eyes. In that instance you may behave in the sluttiest of attitudes.

In the same vein as your body deportment, the movement of your mouth should be considered. If your intended and you share a meal, chew your food and keep your lips closed while doing so. Do not bolt it down like a tarn tearing apart a tabuk. This should not be too hard, as all women, at some point in their lives, have to learn to use their mouth and lips in pleasing ways. Also, a woman must cultivate a clear speaking voice. They must learn to laugh charmingly. They must learn to move their lips to express desire for the man. They must also learn to hold their tongues when tempted to tell the man that he smells like a rotted old corpse of a dead sleen if in fact she is trying to court his favor.

To please a man, think of watching your mother making a cake. She would be using all sorts of delightful ingredients. You would be watching her deft movements and imagine the delights of the soon to be present, cake. In that way you have learned cake making. And so it is that you could learn to please a free man, from observing those who are already doing so. Slaves learn this early on so it would behoove a free woman to learn from the observations of how good slaves treat their Masters, which is the least painful method of learning. Or, you could take years learning by trial and error, making corrections to your "How to Please a Free Man" recipe. These minor corrections to the recipe, which take place every time you have tasted a too bitter or a too sweet or a too salty concoction, can lead to the constant heart break of losing some very expensive cake ingredients because you have not treated them right. It can be compared to coming to the new love interest with a pantry of separate experiences that you could not meld into one pleasing mix. This is maybe the main reason why you have not succeeded in keeping a male in your life. It could also explain why you could be a terrible baker. But, that of course is pure supposition on my part.

Another salient point is this, be interested in what the male is saying. I am not telling you to appear interested, I am saying "BE INTERESTED". You may say, "But, he is a boring person. How can I find what he says of interest?" I am here to say, if you find little of interest in what he says, you are with the wrong man. You had best get out of that relationship sooner than later. Find a man you are interested in. Looks fade but the intellect, if not marred by accident and disease, lasts to the end of life. One should pick brains over looks any day of the week. Although a cute smile couldn't hurt.

The answer to your question of where are all the men and how can you get and keep one is turning into a novella of sorts. The answers to your question are long and intricate. I must say that writing about them is going to take a few more publications of this news scroll, The Voice of Gor. I would like to finish your answer this week but my Master is giving me the evil eye because I have occupied his desk in the study for too long. He permits me to write this column as long as I am not using his desk while he is home. He is motioning for me to assume the position of a pleasure slave. Uh oh, he is tapping his foot. Never fear, true to my purpose of supplying questionable advice, I will finish your answer on next week's scroll.

# [SCHEDULE] FESTIVAL OF STEEL

Tal Warriors of Gor!

The city of Olni is proud to announce:

**THE FESTIVAL OF STEEL!**

2nd of August

4 PM SLT

This is an IC event, that will consist of a two part sword tournament and a feast to top it off. So sharpen your steel, dress your slaves in their finest attire and pull out the finery in your home that hasn't seen use since the honeymoon phase of your companionship wore off.

To the victors! Gold, honor and trophies!

To the fallen! Being fed to the hungry pawing hands of sweat sheened slaves, their need to serve afire from the conflict of men they have witnessed.

Top three will be awarded prizes to be determined

After the three best component of the tournament, first and second place will select lieutenants from the bodies they climbed over to reach the top, and a 3v3 melee will commence. this portion has it's own purse, which will be divided amongst the winning team.

OR

As an alternative, depending on time available, a Grand Melee for all comers with the prize going to the Last Man Standing.

Once all of the blood, sweat, tears and cries of triumph have subsided Join Olni in celebrating the courage and heart of those that competed in a feast that will allow one to toast their victory, or eat away their feelings of defeat.

Again. IC event. but open to all. there will be Peace in Olni for this time. Break the peace, and then we might have some issues, but for the most part I think we'll all be fine. Arena mode WILL be used, as the contest is not to the death. Proudly brought to you by those that keep Olni running.

As this is an IC event there will be a limited window for late arrivals, as we'll not be waiting for a long period of time to start the tournaments. Late comers may still be selected for the 3v3 group melee.

## 13 CURRENCY EXCHANGE RATES HOY BANK

The base unit of exchange rates are the coins of the city of Tharna.

The gold tarn disk of Ar is considered to be the standard by which other cities, such as Ko-Ro-Ba and Port Kar, set the value of their own coinage. It is worth, generally, 10 silver tarsks, but standardization is slight due to the shaving or splitting of the coin as well as faulty scales that

contribute to the debasing of the coinage. (pg. 155, Rogue of Gor)

## ## ROLEPLAY

### 17 RAIDS GENERATE ROLEPLAY IN GOR

by Azerbaijan Grey [Azerbaijan Resident]  
Proof!

As a setup for this RP. Sais had banded, beaten, and collared one of our Physicians. This Rp was aimed at showing them we were going to take the High Road. The NC is not clean its got all the raid chatter. and its a great example of RP after raids, and How we can bring action to the serve after serve BS. Ideas happen and creativity happens but you gotta LET IT. This is also a great example of 2 sims working together in tandem and executing a raid with no Mod calls

## ## ABOUT THE NEW VOICE OF GOR

# The NEW VOICE OF GOR is a weekly Gorean newspaper since 2011.

Forerunners were the "Vonda Voice" (since 03-26-2009, issues 1-56, editor Verona Lorgsval), the "Voice of Gor" (since 07-14-2010, issues 1-133, editor Verona Lorgsval), the landa Times (since 2011, issues 1-71, editor Rarius Yuroki [Yuroki Uriza])

## # (OOC) FREQUENTLY ASKED QUESTION

Is the NEW VOICE OF GOR OOC or IC?

This newspaper is available IN CHARACTER at message boards in several cities. But it has OOC parts and IC parts which can be identified although many people mix both. We try to keep the two separate. But if you start a storyline based on an IC article of the NEW VOICE OF GOR it would be useful for a moderator to have a log where you have read the message ICly.

The NEW VOICE OF GOR can be true or false, propaganda or journalism like on earth. There is no freedom of the press on Gor. Why let the truth get in the way of a good story?!

"Goreans were not always fooled by posts on boards.  
Those who control the public boards, it is said, control the city.  
But I was not sure of this.  
Goreans are not stupid.  
It is difficult to fool them more than once. They tend to remember."  
(Magicians of Gor)

Why is "publicare et propagare" the motto of the NEW VOICE OF GOR?

You all know that Goreans use message boards to spread news, announcements and gossip. Such are found at various points in Ar, such as the vicinity of squares and plazas, near markets, and on major streets and avenues.

Books are rare on Gor and expensive. Paper is the essential trade good of the Rencers and they sell their wares on both the eastern and western edges of the Delta of the Vosk river. The NEW VOICE OF GOR is a collection of renece paper scrolls but the editor paid some message boards too to spread the newspaper. Gorean Public Boards sometimes made people angry. Those who control the public boards, it is said, control the city.

We took our motto from the Acta Diurna [latin: Daily Acts sometimes translated as Daily Public Records] on earth. The Acta Diurna were daily official notices in ancient Rome, a sort of daily gazette. They were carved on stone or metal and presented in message boards in public places like the Forum of Rome.

Acta Diurna introduced the expression "publicare et propagare", which means "make public and propagate". This expression was set in the end of the texts and proclaimed a release to both Roman citizens and non-citizens.
