- BREAKING NEWS

Landa burnt down, the harbor of Port Megara. The Admin of Landa is considering asking the High Council for a declaration of war on all cities who are members of the STA.

This was the reason: A messenger brought this letter to Atria:

Sent to the Admin of Atria:

It has come to our attention that you recently signed an alliance with a trade port that has an on going trade embargo around its shores. Due to your reputation of one having honor those in question have asked to formally invite you to relinquish this alliance with Landa. As being their allies you now pose a threat to our most northern southern front. We cordially give you 48 ahns to make your response known. We will openly share with you the events that will occur once you've made your decision known. The purpose of this scroll is far from a threat but rather an open invitation to have dialogue over a very sensitive issue you might not have had been aware of.

Cordially,
The Southern Trade Alliance

CELEBRATION OF THE NEW YEAR

[16:16] Yuroki Uriza clears his throat and begins with steady voice "Welcome citizens of Landa"

[16:16] Sherman Easterwood catches the undsteadiness of the Lady Amelia out of the corner of his eye and decides to watch her closely

[16:16] Yuroki Uriza: welcome fellow Landarians to this our temple

[16:17] Yuroki Uriza: Today is the day we have waited for. The first day of En'kara, is upon us.

[16:20] Yuroki Uriza: your city administrator welcomes the sun, throws open his arm as the sun rises over the horizon

[16:21] Yuroki Uriza: As the sun lights the ocean its rays seeking out the shore he commands: "Citizens and beasts of the city hear me "

[16:21] Yuroki Uriza starts to recite with loud melodious voice:

[16:21] Yuroki Uriza: From the ice we are freed, the stream and brook,

[16:21] Yuroki Uriza: By the Springs enlivening, lovely look;

[16:21] Yuroki Uriza: The valley's green with joys of hopes;

[16:22] Yuroki Uriza: To bring light to this our home our boats.

[16:22] Yuroki Uriza: Hark! Sounds of Landas joy arise;

[16:22] Yuroki Uriza: Landa is our paradise

[16:22] Yuroki Uriza: The Risen sun we celebrate,

[16:22] Yuroki Uriza: For we ourselves have now arisen

[16:22] Yuroki Uriza: From lowly houses' mustiness,

[16:22] Yuroki Uriza: From Brak bush doors that are our prison,

[16:22] Yuroki Uriza: From the roof and gables that oppress,

[16:22] Yuroki Uriza: From the bystreets' crushing narrowness,

[16:22] Yuroki Uriza: From the temples venerable night,

[16:23] Yuroki Uriza: We are all brought out into the light

[16:23] Yuroki Uriza bows to the crowd

[16:23] Yuroki Uriza shouts: I your sometimes grumpy administrator command you to burn the brack on the open fire, the paga is free, the food is free, today we celebrate our first year and new year.

[16:24] Lilith Lindley laughs with joy and happiness as the sun rises at the horizon over the sea

[16:24] Retief Elkhart: Ta Sardar Landa!

[16:24] Yuroki Uriza: we can return the the inn and the tent now...the new year has begun now...the fist day of the month of En'Kara

[16:25] Yuroki Uriza: Ta Sardar landa!

LADY TALORA'S BLACK GIANI INN

When you enter the Black Giani Inn of Landa, aromas off good hearty cooking fill your sense. The Lady not only serves her guests at the Inn, but she also makes regular deliveries to various offices and other establishments.

I am one of the lucky recipients of her great meals.. This is just one of the examples. delivered to me today... read this and tell me if your mouth is not watering.. *smiles

moves to the sink and washes her hands thoroughly, grabbing a clean rep cloth drying

them as she walks to the hearth and stirs the pot of creamy sul soup, the aroma from it making her mouth water. Next to the hearth on racks keeping warm is freshly baked breads, she grabs a good size small one and taps it and hears that wonderful hallow sound indicating it is well baked. At the counter she slices off the top of the round bread and begins to scoop out the insides, leaving a very nice breaded wall completely around the insides of it, her smile showing she is pleased with the results.

Taking a wide bowl, hands place the bread bowl within it, strides to the hearth, fingers lifting the ladle and dips it into the rich bosk cream enriched sul soup filling the bread bowl to the rim. At the counter places it on the tray, slipping the top of the bread she cut off on top once again....stomach growls as she imagines having the soup and eating the bread bowl along with dipping the crusty top into the soup and eating the sides as she reaches the bottom. Her thoughts going back to the tray, moves to the cold box and takes out a nice green salad heaped in the middle of a small plate with slices of cheese surrounding it...the dressing a sweet but tart mustard honey one. Slips it to the tray , fingers reaching for a napkin and utensils to eat the meal with...then places a pitcher of ramberry juice and a glass on it. Lastly, gets the freshly slices strawberries and ladles some over a cut biscuit drizzling it with the sweet juices and then finishing it off with a good scoop of bosk sweeten whip cream. Steps back and looks at the tray with a smile...it looks very tasty if she says so herself.

Covers the tray with a cloth to keep it warm while delivering and lifts it feeling the heft of it as her fingers wrap around the handles and arms lift it up

Leaves the tray on the desk covered and keeping warm for the Lady's return.

*As I returned, I found the tray on my desk, the soup still hot and the salad cold.. the berries refreshing..

if I eat all of this, I better take another long walk..
It was delicious, to say the least.

Lady Dez

FOR SLAVE OWNERS

Please keep in mind that your slave is your property and if the slave is not registered and you don't have slave papers, anyone can come and might take that slave away from you.

Please have acquisition papers, or check at least if there has been a previous owner and your slave has been let go, then take your girl/boy to get a physical, that is important. The

phys. needs to place a seal on the report. Come to the head scribe and get the slave papers made for your Property.
Thank you.

[15:19] Esme22 Resident: this poem is a contribution to our Administrator inspired by another poem and poet
May you have the grace and wisdom
To act kindly, learning
To distinguish between what is
Personal and what is not.

May you be hospitable to criticism.
May you act not from arrogance but out of service.
May you work on yourself,
Building up and refining the ways of your mind.
[15:20] Esme22 Resident: May those who work for you know
You see and respect them.
May you learn to cultivate the art of presence
In order to engage with those who meet you.

When someone fails or disappoints you,
May the graciousness with which you engage
Be their stairway to renewal and refinement.
May you treasure the gifts of the mind

Through reading and creative thinking
So that you continue as a servant of the frontier
Where the new will draw its enrichment from the old,
And you never become a functionary.

May you know the wisdom of deep listening
The healing of wholesome words,
The encouragement of the appreciative gaze,
The decorum of held dignity,
The springtime edge of the bleak question.
May you have a mind that loves frontiers
So that you can evoke the bright fields
That lie beyond the view of the regular eye.

May you have good friends
To mirror your blind spots.
May leadership be for you
A true adventure of growth

[15:21] Esme22 Resident: smiles and stops then speaks gently again...

[15:21] Esme22 Resident: May you Yuroki Uriza, our beloved Landa Administrator be the righteous example that shines and guide us through our days in serving and caring for Landa.

- FREEDOMS OF A FREE WOMAN

by Lady Dahiyah of the green caste of Landa

As most of you know there are quite a few different cultures in Gor ... I am going to talk mainly about city cultures because most people belong to that ... and all other cultures have similar things if not the same
I am going to look at the way a woman is Free.

that gives you an idea of just how much you are Free remember that a Free Woman has almost all the rights of a man a slave has nothing

I have made a random list of some of the Freedoms ... you may know of more in your part of Gor.

- Free to retain her name or petition magistrates to change her name. Women who are enslaved have their names put upon them and changed by their owners at any time. These enslaved women may be named anything and have no freedom of choice or say. remember that in Gor women don't change their name on Free companionship they can if they wish but it is not like earth
Free to utilize the legal system. Free Women may petition the magistrate with complaints, to enforce proper return of her Dowry portion, etc. Women who are enslaved may not utilize the legal system.

Here in SL Gor not every city thinks fairly about women but most do there is the feeling

that women may not have the same rights but the books do not state that they have less than the FM.

Here is another which is interesting:

- Free to refrain from exercise and diet regimens. Free Women are not forced to maintain certain body weights and tones as are often women who are enslaved.

The Gorean diet is not exactly healthy.

- Free to refrain from work. Free Men are considered outlaws by the city if they refuse to perform their Caste work and are subject to impalement. Free Women are permitted (and generally encouraged by Gorean Society) to refrain from Caste work. Society expects the Men to provide.

So women do not have to work ... not in the city ... they do have to work in the wagon cultures because slaves were not that numerous in the wagon cultures there is little difference between FW and slaves

The women work very hard

- Free to spend coin on what she chooses. Free Women in the possession of money can generally spend the coin as she pleases on baubles, perfumes, garments, etc.(unless otherwise restricted by the Man responsible for her.) Women who are enslaved have no coin and cannot purchase with freedom.

Slaves are not even allowed to touch coins they can carry them in their mouths and that is all otherwise they have a small pouch and others put the money in and out of that

-Free to conceal her features and not be judged on her looks. Women who are enslaved are denied this freedom and are forced to be viewed under the often harshly appraising eye of Men.

in many cities there are no obligatory veils so there is some choice and many choose to conceal

They feel happier that way,

Again: in the north no veils are worn

The next one causes quite a bit of debate,

- Free to bear and raise her children. Free Women are cherished for their place in society as the bearers and caregivers of future Goreans. Women who are enslaved on rare occasions in the books (and most notably in Tharna during post revolution) bore children of their Masters. Other slaves who carried children were kept on breeding farms specifically for the breeding of slaves.

women of tharna were freed before being impregnated

Before birth some slaves are freed for the birth but at one point it was happening for too often in SL Gor for it to be really the norm.

Also there is the debate as to who raises the free child. If it is Free it needs to learn Free ways.

((there is an interesting passage in assassins .. Sura the slave of Cernus was hooded and raped by hup the fool .. the child Scormus the Kaissa player is the resulting child .. i often wonder who raised him .. he was a free as was his deformed father))

- The only thing is that a Free should really raise a Free.

- Free to keep her thoughts and emotions private. Free Women are not forced to reveal their deepest thoughts and emotions. Their private thoughts, are just that - private thoughts. Women who are enslaved may be forced to reveal their deepest thoughts - which are often used to better manage them. Deception in revealing their thoughts is nearly impossible. The skin of a slave, not hidden safely between robes, may mottle or prickle in certain situations, revealing to the Men that she is being untruthful.

- Free to speak. Free Women are not required to ask permission to speak, as women who are enslaved often must in certain situations. There are however, social customs that guide the speech of Free Women.

SL Gor sometimes obliterates the right of a woman to speak her mind ... which is good if done properly a lot of places gag her completely.

- Also you can put in that a man is supposed to r elevate some insults of free women as well... it is beneath them to take action against a free woman for speaking her mind.

- It is out of ignorance more than anything. "It is a difficult area" Well in a way... a free woman is beneath a free man... but still she is held in higher regard than another man... because free women of a city are mothers, sisters and daughters also many free women are higher caste than some lower caste men.

- Free to incur debt. Free Women are free to take loans and incur debt. Women who are enslaved do not have this freedom. they can pay their debts by becoming a slave for a period too I am not sure I would choose that
"once you are seen in silks ... people never forget"

- Free to be deceitful.

"Deceit is a freedom of free women," I said.

"But it is not a freedom permitted to slave girls, is it, Master?" she asked.

"No," I said.

(Blood Brothers)

- Free to sleep in comfort. Free Women may sleep with blankets and on deep furs on the couch in their quarters assuming the freedom is not revoked for the night by a displeased Companion. Women who are enslaved commonly sleep chained on the floor at the foot of his couch or in a kennel, and often with just enough cover to keep her from becoming ill. Any comfort she gains generally must be earned.

- Free women are free to use slaves as they see fit... the couching law is a mis concept... only happened in ar, during the rule of Marlenus.

For a Free companion I guess she needs to be sure her companion does not object ... you can have slaves written in free companion ship contract just in case

A Special thanks to Lady Khalida for her guidance and tips.

REGIONAL NEWS

- ARREST WARRANT

Taken from the Port Cos Chronicle, volume 1, issue 6

It was a quiet evening on the docks, until two strangers appeared inquiring about slaves that might be for sale. The Ubar and Malefactum Vectoscope, spoke with them for several minutes. Alas, we had no slaves that were ready to be sold by the Port but they could seek out the private slave house and ask there. They declined and before they were going to depart, announced they had a warrant for the arrest of Malefactum.

Malefactum, in a state of quandry "For what he asked", they handed the warrant to him and said that it was the stealing of a slave. He refused to go with them and a fight broke out.

Two she-urts that were standing on the docks fled as if they someone had yelled the evening meal was being served. The slave owned by the Magistrate, took off running, yelling for help and finally reached the alarm bell by the kennels summoning and warning all of the port.

Alas, when the slave returned Maelfactum was taken by force, our Ubar and Jason, the Scarlet were down flat on their backs.

They were aided by slaves on the docks. The Ubar went to the infirmary for his injuries. Jason, the Scarlet had minor injuries so he went home to have his FC attend to his wounds. As for Mal.....does anyone know?

- OOC ANNOUNCEMENTS OF THE ADMIN

METER SERVER - ZERO SPLASH

The New GM 4.2 Regional Server has been installed. Very important: the settings are "ZERO SPLASH HITS" - you will get the message of splash hits but they do not damage the meter. You have to aim properly. That is a great and realistic feature of the new server version and will increase melee fighting.

TOURIST OFFICE OF LANDA STILL CLOSED

Goreans are suspicious of strangers. People looking for a new home should have a reasonable storyline and roleplay in the city first or walk around as an OOC observer.

"Pikes on the walls of Gorean cities are often surmounted with the remains of unwelcome

guests. The Gorean is suspicious of the stranger, particularly in the vicinity of his native walls. Indeed, in Gorean the same word is used for both stranger and enemy."
(Outlaw of Gor)

"Wanderers" and "travellers" of Gor are outlaws. Merchants wear a white and golden tunic in Gor.

GATE POLICY OF LANDA 10.0

- Slaves cannot open the outer gate alone (only OOC)
- Warriors, when they are in the city, must be alert and open the gates even if their pants are down. No ifs butts or maybe's about it.. If they don't want to be bothered with protecting the city, they need to go to Landa II. The reason for this is very important. FW and slaves can not be attacked with out Warriors around. but furring Warriors or Warriors who are busy in IMs are the same as no warriors around. It is dangerous to have a Warrior in the city who is not present.
- Free women are allowed to open the gate, when no Warriors are here. A free woman is safe from attack with out Warriors around,
- Do not open the gate for strangers without asking for name and home stone and caste (keep the log that you will be able to tell the story in case of trouble)
- You may open the gate for people who want to look around, perhaps if they are considering to settle here, but goreans do not like strangers, you can give them a tour OOC too
- People without an Home Stone and without a caste are outlaws and not allowed to enter (except people who want to settle here, but make that clear OOC):
5.1 Any free found to have no caste shall be declared an outlaw. The law applies equally to men and women. Those unable to show evidence of their caste shall be arrested by Guardsmen and held subject to verification. Men found to be outlaws shall be executed. Women shall be enslaved and sold from the public block. Those calling themselves Pirates shall be considered no different than Outlaws. They shall be subject to the same penalties. (Caste Laws and public laws of Landa, chapter 4)
- Merchants are allowed to enter (caste colors: White and Gold)
- Rules of Landa:
 - Raiders or non-citizens of Landa can not attack a slave if there are no Warriors present, unless the slave attacks them, is threatening or disrespectful to them.
 - Raiders or non-citizens of Landa can not attack a free woman if there are no Warriors present, unless the free woman physically attacks them.
- Strangers are not allowed to carry bows and crossbows inside the city walls
- Never mention the secret tunnels and entrances

HOUSES FOR RENT IN LANDA II (combat sim)

- It is important to understand that Landa II is meant for occasional enjoyment. It is not meant as an alternative for role playing in the City of Landa. We will be forced to take the house back if most of your time is spent in Landa II instead of in the city.

- No one should move into any house without first contacting Lady Dezire Sciarri. Should she not be online, you can reach her by e-mail at deziresciarri@live.com or send just send her an IM.

-Currently there are 4 houses left, for rent, in Landa II. The largest is reserved for a large family or for multiple families to share.

- Houses in the Landa II residential area are for rent. Interested people should be Landa Citizens for at least 2 weeks and should have a history of avid RP within the City. After renting the house they should continue to actively contribute to life in Landa..

- The houses rent for \$300 L per week. We are low on prims, please make an effort to keep it at 100 prims or lower.

GM WARE

If you need GM ware goods ask me, we have our own server in Landa. You can transport items between your Server and your meter HUD Note though that the Meter HUD can only carry 10 items at once.

Version 4.2 changes what items can be manufactured, so that now only Raw materials can be manufactured.

This is to prepare for the upcoming GM crafting which is one of the biggest project GM team has taken on.

With crafting then you will be able to craft other things from the raw materials, depending on avatar skill. (Yes for example blacksmith starts with little skill but can over time learn more skill and make more advanced things). This is a big project with hundreds of items, levels and skills. We felt it was important to get out new RP server in advance so that users can start manufacturing level 1 raw materials which will be useful as soon as GM Crafting hits the street.

ADVERTISEMENTS AND JOB OFFERS

HOUSE OF YUROKI (HoY) GOREAN SLAVERHOUSE

The House of Yuroki is a privately owned and run Slaver House. The owner is Rarius Yuroki (Yuroki Uriza). That means that it functions separately from any city council and administration. However, our purpose overall is to provide slaves to the cities for use in whatever means are necessary, and to eventually sell those slaves to citizens or if a long period of time goes by without interest and the slave is underused, to the highest gorean bidder at an invitational auction open to goreans from across Gor.

"Whereas members of the caste of slavers are slavers, not all slavers are members of the caste of slavers."

(Magicians of Gor pg 315)

- HOY BANK OF LANDA

- We need merchants who would be able to establish trading connections with cities which use similar coin systems. Two copper coins paid monthly. To make your own coins and income would be possible.

HOY BANK OF LANDA

Most cities have a Street of Coins, an area where banking is done. "Sometimes, of course,

certain areas specialize in, or are known for, given types of services or products. Each city usually has, for example, its "Street of Coins." On such a street, or in such an area, its banking will largely be done. Similarly most cities will have their "Street of Brands," on which street, or in which area, one would expect to find the houses of its slavers. (Fighting Slave of Gor)

Landa has its own bank and coins. The bank is privately owned, but the company got a banking license from the city of Landa, the mint too.

ONLINISM OF THE WEEK

"What weapon do you carry, warrior?", he asked.

I drew the gladius from its sheath, and showed it to the captain.

"How long", he asked, "is this blade?"

I paused, and looked at the blade. "59 centimeters", I replied. It was a guess.

He frowned as he replied. "The Gorean gladius", said he, "is 64 centimeters long".

I looked at him, perplexed.

He flicked a switch, and bared his teeth at me, "You ignorant fool," he snarled, "you know nothing of Gor"

My eyes went wide. I had been banned.
