02 EDITORIAL

A warm welcome to the pages of the 168th issue of the NEW VOICE OF GOR !

Keep It Confidential! It's not useful to talk to slaves about alliances or military issues. A merchant was recently sitting in the dark background of Skolldir's longhall, just listening and sipping his mead. What he has heard you will find in this issue of the NEW VOICE OF GOR (roleplay section)

03 RORUS IS ALLIE OF SKOLLDIR

by Anonymous, the House of Yuroki Intelligence Agency

[06:55] Sean Enigma (reapersean): smiles as he wraps his left arm tighter around the tiny volumptious girl and takes another swallow of mead before responding. "No girl. Don't worry about that. Rorus and Skolldir are allies. You're relatively safe." grins

04 BESNIT AND TURIA STILL ALLIES

The NEW VOICE OF GOR claimed in issue 167 that "Besnit is not longer allie of Turia. Awaiting confirmation."

We got a messenge from Turia about that:

"Turia and Besnit still maintain a healthy TRADE alliance while the militant alliance is put on hold until both Ubars diplomatic staff are able to agree on a convenient time and place for a meeting concerning recent occurrences".

ASK TEAL ~ Dubious Advice to Goreans

By Teal Razor

This week, I am going to finish answering the free woman who asked this question last week. I wanted to give the lady a complete guide to getting and keeping a man in the dating stage of the courtship. I repeat here her question to me:

DEAR TEAL:

I am a free woman who is desperate to find a companion. I see free men everywhere in my city, they are either with companions or walking with a retinue of slaves behind them. In other words, they are most unapproachable. I have been courted by some five men in the past but after a few weeks, they disappear from my life and if I see them in the commons or the market place, they turn the other way or cross to the other side of the street to avoid me. Will I ever find one? Where are all the men? Please advise.

DEAR FLYING SOLO:

In the last Voice of Gor, I addressed but a few of the forewarnings to watch for when you submit to a free man's courting. I have now a few more things to impart on your dress and deportment that you might want to incorporate into your body of knowledge.

I will start this week by saying NEVER keep a man waiting who calls on you at your place of residence. If he invites you to the commons or the tea room for snacks, show up at the appointed hour. Try to arrive an eh or two after he does. The point being that the shorter time he awaits you, the more he will understand that you do not take his attentions lightly.

When I have served the free in the commons, I witnessed free men sitting by themselves, ordering some libation. They sat for the longest time, alone. I always wondered why they did so. They would order a couple of tankards or bowls of alcohol, stand up, stretch, and go about their business. Most of them wandered off either sighing or shaking their heads. About thirty or forty ehns after they left, a free woman would invariably step into the commons, look around while walking through, and exit the commons without sitting down. Putting two and two together, I can safely say, those free women were late to a date. I doubt whether those free women were asked out again or if they were, the free man's faculties were set on high gear. He would, from there on out, watch for any more red flags that could appear on the

horizon. These warning banners can accumulate until the free man finally sees the proverbial "handwriting on the wall" and rejects the free woman totally.

Now, here is another piece of territory I must cover. Part of not keeping the free man waiting is to arrive in front of him fully dressed. I am not suggesting that you would show up half naked to your date. Free women are required to conceal themselves in robes named for such use. But, to arrive hooking all your veils in place, adjusting your stockings or pulling on your gloves will have you appear to not be organized. This can kill your allure faster than the peasant bow can fell a tree. Dress and adjust yourself in the privacy of your boudoir. And, for the sake of sanitation, comb your locks in private.

Just two weeks ago, a free woman took out a comb in the commons and started pulling at her hair with it. There was much hair on the comb when she finished. She removed the hair from the comb and threw it under the table where she was sitting. I was not the only witness to this disgusting practice. Two other slaves looked at me in horror with their mouths open. At least we saw it and I was able to sweep up the offending garbage from the eating area once she left. I feared to do it while she sat at the table since I speculated that I might be beaten for my insolence.

Oh, and while I am at it, NEVER borrow his rep cloth from his place setting on the table to wipe your cosmetics from your face. You should request a slave bring you a damp rep cloth to discreetly wipe the bits from your mouth or to remove your lip wax.

Let's talk next about a certain physical attribute of women. Female slaves and free women all have breasts. Granted some of us have more bounteous gifts than others. Those free women, whose abundance is evident under the robes of concealment, should make sure to wear uplifting corsets. You never want your courting man to chase you through a field of Sa-Tarna on a late day in En-Var which would cause your ample assets to bounce up and smack you in the face. Restraint, on your part, could lead to a companionship with one of the opposite sex. Which is why you asked your question in the first place.

Regarding the wearing of a supporting corset, I wish that some female slaves had access to such engineering feats in the form of cloth. I saw a female slave not many moons back who was jumping up and down on a table in the commons. A Master had commanded her to do so for his own entertainment. It was evident that the Master was an aficionado of slaves doing jumping jarl's. The enormous heft and girth of her breasts caused them to fly up in her face. They hit her with such velocity that it knocked her out cold. It was hard for me to fetch a pan of water to throw on her face to rouse her because I was shaking from laughter.

Speaking of other cautions, you should not be familiar with your escort by caressing him in public. You would be exhibiting slave behavior and it might get you collared on the spot. Leave the caressing and cooing over the Master the domain of the slaves. You, on the other hand, are a lady. This fact is supported every time you are called "lady" by other free persons.

One would also hope that you refrain from talking about the latest robes of concealment from the dressmaker or boots at the cobblers. Talk about things the man would be interested in. You could describe a shipment that arrived recently on the docks. It would be good to note down facts to parade before him. You could make a mental picture of the types of goods

being rolled out onto the wharves. Describe in detail, appropriate to a male's curiosity, the colors and scents you perceived while there. Give him a count of the barrels that were taken off and relate any funny incidents like a slave colliding with a barrel of wine and being thrown off into the river. It might be more exciting if a water sleen were to attack the hapless slave. This might set off response in your date. You want to keep him talking. So your conversation should be scintillating and informative at the same time. It could dazzle the free man you are seeking.

While we are on the art of conversation, I want to give you another warning. NEVER talk to another free man in front of the free man who is courting you. Your courting free man should not be regaled with the exploits of your other "friend" when you talk to this other man in front of him. Acknowledge a "friend" who shows up by nodding and giving a courteous greeting. Don't greet the person as if you would slap him on the back in a "hail fellow well met" gesture. Free women should behave like ladies, demure, accepting, feminine, correct, soft, and empathetic.

Some time back I exited my Master's house in the direction of the market. As I walked past many residences in Olni Var, a free woman, who I always perceived as a bit of a "Tom boy", (translating into the Gorean, a Tom-boy, on earth is a woman who adapts the mannerisms of a man) was talking out the side of her mouth like she was a dock worker. The other person, a free male that I recognized, was hit by the free woman's language, which was saltier than Thassa. I even saw her slap him on the back a few times. The male was not her brother so I speculated that he had been her "friend" at one point and forsook her for someone else. The appalled look on his face told me he dropped courting this free woman, in part, because of her same behavior in the past.

Lastly, a free man deserves and desires your entire attention. If you look through this little compendium of advice I think you might find which areas need the most attention in your dating arsenal. I hope that you write me back and tell me of any success you might have by following these folios.

[SCHEDULE] FESTIVAL OF STEEL

Tal Warriors of Gor!

The city of Olni is proud to announce:

THE FESTIVAL OF STEEL!

2nd of August

4 PM SLT

This is an IC event, that will consist of a two part sword tournament and a feast to top it off. So sharpen your steel, dress your slaves in their finest attire and pull out the finery in your home that hasn't seen use since the honeymoon phase of your companionship wore off.

To the victors! Gold, honor and trophies!

To the fallen! Being fed to the hungry pawing hands of sweat sheened slaves, their need to

serve afire from the conflict of men they have witnessed.

Top three will be awarded prizes to be determined

After the three best component of the tournament, first and second place will select lieutenants from the bodies they climbed over to reach the top, and a 3v3 melee will commence. this portion has it's own purse, which will be divided amongst the winning team.

OR

As an alternative, depending on time available, a Grand Melee for all comers with the prize going to the Last Man Standing.

Once all of the blood, sweat, tears and cries of triumph have subsided Join Olni in celebrating the courage and heart of those that competed in a feast that will allow one to toast their victory, or eat away their feelings of defeat.

Again. IC event. but open to all. there will be Peace in Olni for this time. Break the peace, and then we might have some issues, but for the most part I think we'll all be fine. Arena mode WILL be used, as the contest is not to the death. Proudly brought to you by those that keep Olni running.

As this is an IC event there will be a limited window for late arrivals, as we'll not be waiting for a long period of time to start the tournaments. Late comers may still be selected for the 3v3 group melee.

THE GOREAN RECRUITMENT CENTRE

As listed in the SL destination guide, on its Website and in World via the SL3 viewer
And Now on the "Tumbler" Loads of New people coming and looking for RP destinations

The Gorean Recruitment Centre (GRC) has, since its creation in 2009 , expanded on a regular basis. and this is due NOT to the wishes of the Owner, but because of the needs of the people who use it.

The GRC is now a Part of the ROLEPLAY CENTRE (RPC) but it retains its total Gorean Theme and is 100% separate from the RPC itself. they just share the same landing point. As the signs show. The GRC HALL is to the Right and through an Archway.

Best Wishes

NEW TO GOR Classes

Gorean Campus presents "NEW TO GOR" series of classes, that run in continuous rotation

Tuesdays @ 10 AM & 6:30 PM

in the Campus Gallery classroom

Classes are a basic introduction to SL Gor for those that are new, and a valuable review for the more experienced.

Although geared toward the Free.. kajiri will find them beneficial & valuable as well.

Gorean Campus is a safe, independent, non-commercial, non-aligned academy.

Cities sending students, have no fear of their citizens being 'recruited'.

Classes cover the (by the books) basics of Gorean behaviour, dress, deportment... and the 3 pillars of Gor, Home Stone, caste system and natural order/slavery.

[06:33] Rorus`s warrior : picks his horn up and looks at the bond while demanding in a loud voice. More mead and keep it coming!"

[06:35] Skolldir`s bond: leans over the table and takes his up turned horn. She begins to fill it to the brim, some running over and making a tiny drop on the tip of the horn. Raising it high in the air she licks the single drop with her pink tongue. Crawling up on the bench to reach out to the man she hands him the Mead. "Your Mead Jarl, The tip is wet I am afraid" she smiles.

[06:38] Skolldir`s jarl : raises a brow seein her climbed up on the bench offering him a horn. Taking it he contiunes to look at her once up and then back down as he chuckles some and nods. a strong man thos one could be at times, "aye i see it bae wet bond.. now see to mae friend here.."

[06:38] Rorus`s warrior : grabs the mead and takes a swallow. My thanks bond

[06:39] Skolldir`s bond: nods and climbs down from the bench, very pleased that she had figured out how to reach the huge man. She races around the table to the guest and takes his horn to fill.

[06:50] Skolldir`s bond: "I know of Rorus. They took me once." she says with a hiss almost then recovers quickly. Her thighs spread wide around his. Her small body fitting almost perfectly to put her at eye level with the Warrior. She arches her back a bit to give him a better view of her naked body. "I hope you like what you see here in our Village" she purs.

[06:51] Rorus`s warrior : smiles and leans over to lick the last drops of mead from her breasts making sure his tongue glides over both nipples, first the left, then the right before raising his head again and smiling at her.

[06:52] Rorus`s warrior : I always like what i see in Skolldir. He replies taking another large swallow of his mead

[06:53] Skolldir`s bond: moans a bit as her nipple chain is tugged a bit by his hot tongue. "Master, Rorus will not attack here will they?" her eyes wide. All her life in the south she has been afraid of Rorus. She looks at him with almost pleading. "I don't want to go back there" she whsipers and moves her body closer to his to feel safer.

[06:55] Rorus`s warrior : smiles as he wraps his left arm tighter around the tiny volumptious girl and takes another swallow of mead before responding. "No girl. Don't worry about that. Rorus and Skolldir are allies. You're relatively safe." grins

[06:57] Skolldir`s bond: she relaxes feeling the strong arm of the warrior. She is always hot for the warriors for some reason only felt completely safe when there were close. She wiggles down on his lap and feels a tightening in her belly, she smiles. Her hands begin to tug him closer by the leather straps across his chest.

They are Forest Port, Iskander and Tancred's Landing, which three towns, like White Water, are members of the Vosk League.
(Renegades Of Gor)

I had as a consequence only picked up ten copper tarks at Tancred's Landing.
(Rogue Of Gor)

I was sold in vonda to a taverner in Tancred's Landing.
(Rogue Of Gor)

"I had some difficulties with guardsmen in Tancred's Lansing and Fina," I admitted.
(Rogue Of Gor)

I had made that mistake once before, in Tancred's Landing and there had then been no more eager respondents to my raucous challenge.
(Rogue Of Gor)

I had gone from Lara to White Water using the barge canal, to circumvent the rapids, and from thence to Tancred's Lansing.
(Rogue Of Gor)

Several shipsk coming and going, made their trips between Lara and the nearer downriver towns, such as White Water and Tancred's Landing.

ABOUT THE NEW VOICE OF GOR

The NEW VOICE OF GOR is a weekly Gorean newspaper since 2011.

Forerunners were the "Vonda Voice" (since 03-26-2009, issues 1-56, editor Verona Lorgsval), the "Voice of Gor" (since 07-14-2010, issues 1-133, editor Verona Lorgsval), the landa Times (since 2011, issues 1-71, editor Rarius Yuroki [Yuroki Uriza])

(OOC) FREQUENTLY ASKED QUESTION

Is the NEW VOICE OF GOR OOC or IC?

This newspaper is available IN CHARACTER at message boards in several cities. But it has OOC parts and IC parts which can be identified although many people mix both. We try to keep the two separate. But if you start a storyline based on an IC article of the NEW VOICE OF GOR it would be useful for a moderator to have a log where you have read the message ICly.

The NEW VOICE OF GOR can be true or false, propaganda or journalism like on earth. There is no freedom of the press on Gor. Why let the truth get in the way of a good story?!

"Goreans were not always fooled by posts on boards.
Those who control the public boards, it is said, control the city.
But I was not sure of this.
Goreans are not stupid.
It is difficult to fool them more than once. They tend to remember."
(Magicians of Gor)

Why is "publicare et propagare" the motto of the NEW VOICE OF GOR?

You all know that Goreans use message boards to spread news, announcements and gossip. Such are found at various points in Ar, such as the vicinity of squares and plazas, near markets, and on major streets and avenues.

Books are rare on Gor and expensive. Paper is the essential trade good of the Rencers and they sell their wares on both the eastern and western edges of the Delta of the Vosk river. The NEW VOICE OF GOR is a collection of renece paper scrolls but the editor paid some message boards too to spread the newspaper. Gorean Public Boards sometimes made people angry. Those who control the public boards, it is said, control the city.

We took our motto from the Acta Diurna [latin: Daily Acts sometimes translated as Daily Public Records] on earth. The Acta Diurna were daily official notices in ancient Rome, a sort of daily gazette. They were carved on stone or metal and presented in message boards in public places like the Forum of Rome.

Acta Diurna introduced the expression "publicare et propagare", which means "make public and propagate". This expression was set in the end of the texts and proclaimed a release to both Roman citizens and non-citizens.
