## 02 EDITORIAL

# A warm welcome to the pages of the 173rd issue of the NEW VOICE OF GOR !

There are two trade monopolies on Gor: the monopoly of Thentis to trade with blackwine beans and the monopoly of the Salt Ubar of the Tahari desert. The Southern Trade Alliance is preparing an agreement with the Soaring Herlit and Thentis to recognize their trade monopoly, and they will recognize the monopoly of the STA to trade with red and yellow salt. Read more in this issue.

## ## ALL OVER GOR

### 03 MONTHLY MEETING OF THE TRUE SOUTHERN TRADE ALLIANCE

The monthly meeting of the true Southern Trade Alliance (STA) took place in the city of Tharna. Present were delegations from: The Kasbah of the Guard of the Dunes, the Oasis of the Sand Sleen, the Ukunga Region, Asperiche, Tancred's Landing and the House of Yuroki Company, the city of Jasmine, the Phoenix Trading Company (located in Besnitt), the city of Venna and Tharna, as guests a delegation from the Soaring Herlit and the Village of Korat.

The STA decided unanimously to make an agreement with the Soaring Herlit and Thentis about their trade monopol of blackwine beans and the STA salt decree. This agreement needs to be confirmed and sealed by both sides. The details are still confidential.

Just one point. Merchants all over Gor: you shalt NOT trade with blackwine beans of the Soaring Herlit without being authorized by the Soaring Herlit. Merchants of Gor, you shalt

NOT trade with yellow and red salt without being authorized by the Southern Trade Alliance. If you don't respect that, your life could be shorter than you expected.

Quote from the draft of the agreement:

"The signing Heads of State do agree to actively arrest and extradite all smugglers found in their territories actively selling or importing smuggled, falsified, or illegally appropriated goods of the nature blackwine, red or yellow salt. Said criminals are to be transferred to the appropriate originator of the goods in question for trial, along with all evidence necessary for adjudication. "

## QUOTES

### BLACKWINE MONOPOLY:

"'Actually,' I said to Elizabeth, 'this is very rare. Thentis does not trade the beans for black wine. I have heard of a cup of black wine in Ar, some years ago, selling for a silver eighty-piece. Even in Thentis black wine is used commonly only in High Caste homes.'" (Assassin of Gor, page 107)

"'Black wine,' said she, 'from the Mountains of Thentis.'  
I had heard of black wine, but had never had any. It is drunk in Thentis, but I had never heard of it being much drunk in any of the other cities.'" (Assassin of Gor, page 106)

"Black wine, except in the vicinity of Thentis, where most of it is grown on the slopes of the Thentis range, is quite expensive." (Guardsmen of Gor, page 244)

"In Thentis, for example, sleen are used to smell out contraband, in the form of the unauthorized egress of the beans for black wine from the Thentian territories. (Slave Girl of Gor , page 186)

I had breakfasted well, on larma, vulo eggs, fried sul, roast bosk, sa-tarna, and even black wine, the beans for which, I supposed, derived from the far slopes of the Thentis mountains, and may have been brought west at some risk.  
(Smugglers of Gor, page 76)

### SALT MONOPOLY:

"None at Klima knew the trails. The free, their masters, had seen to this. Moreover, to protect the secrecy of the salt districts, the trails to them were not openly or publicly marked. This was a precaution to maintain the salt monopolies of the Tahari, as though the desert itself would not have been sufficient in this respect."  
(Tribesmen of Gor, page 243)

"I had heard of the Salt Ubar, or the Guard of the Dunes. The location of his kasbah is secret. Probably, other than his own men, only some few hundred know of it, primarily merchants high in the salt trade, and few of them would know its exact location." (Tribesmen of Gor,

page 207)

"Nominally a sheriff of the Tahari merchants, he, ensconced in his kasbah, first among fierce warriors, elusive and unscrupulous, possesses a stranglehold on the salt of the Tahari, the vital commerce being ruled and regulated as he wills. He holds within his territories the right of law and execution. In the dunes he is Ubar and the merchants bow their heads to him. The Guard of the Dunes is one of the most dreaded and powerful men in the Tahari." (Tribesmen of Gor, page 209)

# THE SLAVE'S CORNER ~ A Satiric View of Life on Gor

By Teal Razor slave of Siri Emerald Jr Port Olni Scarlet

SHE WHO MUST BE OBEYED ~ Or My Life as a Warrior

By Teal Razor

We have all met them. Free and slave alike, who insist on regaling us with snippets of their life on Gor. I must admit I am curious, at times, as to how some persons arrived here. I wonder whether they were brought on slave ships, born to free persons or slaves, or maybe even crawled out of the sea in some predawn mistake by a Priest-King to liberate a fish who had suddenly developed a penchant for breathing air. In fact I think some of my previous Masters may have come up through the ranks of land dwellers brought into Gor by such a mistake. Most were no more developed than troglodytes addicted to mouth breathing and they remain in such a state even today.

And so the curiosity of my Master was piqued last night. I finished serving him his evening repast, a most delicious bosk steak, fresh sa-tarna bread, and a medley of vegetables. As I brought him a warm bowl of paga he encouraged me to fill a pitcher with extra paga. He sat back and had me drink from his bowl. I was content as we sipped the paga and sat warming ourselves by the lighted brazier. Even though it was En Var, there was a chill coming off of the Olni River and the heat was welcome. We sipped and sat in silence. After about a quarter of an ahn he surprised me by asking a question he had never put forth before.

"Teal, mine," he said slowly, "tell me how it is you came to Gor. When I bought you, I knew you were a barbarian. I desire to know your story." I put my head down so that he would not see the look of concern on my face. I have never been asked this question by any free or slave so I wondered if it was a test and most of all, if it was a test, would I pass it?

Slaves are never supposed to lie to the free, right? That's a big "correct" on that one. And so I was not prepared to trot out my story to anyone let alone the Gorean man I serve. So at that point I grabbed the pitcher that the paga was in, filled the bowl, raised it to my lips and drank the whole damn thing down. After that I filled the bowl again and drained the second one. I thought my Master was going to ask me to get the whip, but he was so startled that all I caught was the raising of his eyebrows at my poor behavior.

In retrospect, I should have told him with a logical sober brain how it was that I was "hatched" on this world of Gor. But stupidity intervened and I had a hard time not injecting emotion into this soliloquy of my boring arrival. Also, I had to keep asking my Master for permission to speak while maintaining my placeholder in my thoughts. He would stop me to ask a question and before answering I would say, "May your slave be permitted to speak Master."

I related physical facts. Master's like to hear the straight facts. Therefore, as with my Master, I must speak to him with a bullet list of facts. On earth I was trained to give short and "to the point" answers to everything. One must communicate clearly. One must give the "who, what, when, where, why and how" of a situation. As in when I ask my Master for permission to do the marketing for his home. There are two ways in my mind to approach this task. The first and more logical presentation would be to hand my Master a list of groceries that need to be purchased to garner his approval. I would kneel smartly and offer it to him with upraised hands, head bowed between them. I would reveal to him that these supplies are needed so that he will remain comfortably fed this coming week. It never fails that I am granted this request as these appeals are pleasing to the ear of my Master.

Now, the second way takes longer and results in irritating my Master. His face will be a picture of annoyance as he suffers through my rambling presentations. He does not need to know that the birds are outside singing or that the river is flowing downstream and the rate at which it takes paint to dry. All this palaver just to ask permission to buy some vegetables and something from the butcher is a bad way to demonstrate your intelligence. The fact that my Master is of the warrior caste makes it all the more important that I give him the facts...just the facts. Whining and nagging is an unfortunate flaw in a person and in a slave, it is a "whip worthy" offense.

And so it was that I related the story of my exposure to Gor. The facts were spilled but every once in a while my emotions would kick in the door and display my deepest desires. I was

irritated with myself for exposing my flanks. I actually should not look upon my Master as an enemy who needs be defended against. I believe this conditioning comes out of the "old brain" that looks upon everyone who is not you as the foe. This dictates that you must look upon yourself as the protagonist and everyone else as antagonists in an "every man for himself" attitude.

Thinking back I remember actually meeting my "slaver" on earth on one of his voyages of acquisition. I wish I could go back to the location that I was kidnapped from to warn other unsuspecting females. The fact that at the time of my abduction I was dressed in full battle gear should have given my abductor cause for concern. I was packing a scoped M4 rifle with an offset tactical aiming laser. In my holster was a fixed blade combat knife, four grenades and some flash bangs. Strapped to my leg was an M9 Beretta pistol. Why anyone would attempt to collect a woman armed to the teeth and shove her aboard a craft bound for another planet seems a foolhardy proposition.

I was out on training maneuvers with another cadet who was also studying at this prestigious military school. We were put in a situation that simulated two soldiers behind enemy lines sent to obtain intelligence on enemy positions and weapons strength. These training maneuvers took place over many days where I was to learn to "have the back" of my fellow soldier at all times. How I was taken in mid week away from my comrade-in-arms by the stalking slaver is beyond me. He must have drugged us both in order to get me. I thought about the shock and awe my partner must have experienced as he woke and discovered that I was no where to be found and had apparently disappeared into thin air.

I related my story to my Master in terms he could understand, explaining the weapons as best as I could. As I spoke I watched his eyes widen and his body stiffen. I imagine it was because I was mentioning handling weapons. He looked at me as though I was about to use a knife to slit his throat due to the passionate way I described my arms.

I continued with my story telling him how I remembered coming to, I know not the hell where, in a clearing in a wooded area. Curiously I was still dressed in my fatigues with my face covered in brown and green camouflage paint. My weapons were missing.

A few yards from me were three men wearing scarlet tunics. They appeared to be Roman legionnaires and were inspecting my person. To say I was "weirded" out would be an understatement.

True to my training I jumped up and prepared to defend myself in hand to hand combat. I was quickly made aware that this attempt was foolish when I was easily taken to the ground by a seeming giant of a man who reared up to show his umbrage at my "David vs. Goliath" attempt. I am no David to be sure. Although I got in a few blows, the strikes were like bothersome mosquito bites to the male who was squashing me like a pillow. I quickly found myself bound hand and foot. That it was done with such efficiency and speed left me marveling and wondering how I could learn such an act. I was still exhibiting the demeanor of a warrior. In my mind, I perceived this scenario to be some strange tactic of my instructors. I was convinced that I had been given a hallucinogen and was therefore interpreting the scene in a drug induced fantasy. Although, the whipping I received after having my clothing cut off certainly felt real.

After swilling down another bowl of paga while talking to my Master, I started pounding one fist into another to emphasize points in my story. I think I am going to have to wait for my next column to reveal the rest of this saga since I am getting myself all worked up writing about it. It does not help that I need to go sharpen the edges on my Master's blades after putting down my quill.

To be continued...

## ## RARE DIALECTS OF GOR

## 13 MUENZEN IM ROLLENSPIEL

Wie man mit nicht-kopierbaren (prim) Muenzen das Rollenspiel intensivieren kann und wann man sie braucht und wozu

- Es ist unrealistisch, dass jede/r Millionär ist und jederzeit genug Geld für alles hat. Man kann aber auch niemanden zwingen, Prim Münzen zu benutzen.
- Muenzen, die nicht gerezt werden koennen, sind in Second Life Gor genau so unrealistisch wie unsichtbare Sklaven oder unsichtbare Waffen (die auf allen Sims verboten sind).
- Münzen mit dem Wappen der Stadt koennen eine gute Werbung fuer die Sim sein, wenn sie woanders benutzt werden.
- John Norman schreibt eine ganze Menge ueber Muenzkaufleute und Banker auf Gor. Wieso will diese Rollen eigentlich kaum jemand spielen, obwohl das oft mehr Rollenspiel ist als Krieger, die oft nur herumsitzen und mit ihren Sklavinnen herumspielen?

#### 14 REISEZIEL TAFÄ

#### 15 [OOO] GOR-ROLLENSPIEL-PARTY

Nun ist es endlich soweit. Wir starten am 20. September 2014 im SM-Club BMH die erste Gor-Rollenspiel-Party. Damit sie für alle ein unvergessliches Erlebnis wird brauchen wir ein paar Regeln um die Rahmenhandlung einhalten zu können.

Die Grundidee

Wir wollen mit euch gemeinsam nach Gor und einen goreanischen Abend verbringen. Dazu gehört es, das jeder von euch einen Charakter für den Abend ausarbeitet – wir geben auch gerne Hilfe dabei – und ihr an diesem Abend in die Rolle eintaucht und ihr Leben einhaucht. Hierzu gehört auch die passende goreanische Kleidung. Freie Männer sollten ihrer Kaste (bitte nicht nur Hohe Kasten) entsprechend gekleidet sein, ebenso die Freie Frauen, wobei hier auch an den Schleier gedacht werden sollte. In den „privaten“ Räumen besteht jedoch keine Schleierpflicht. Die Kajiri sollten entsprechend ihres Standes an der Kette, bekleidet und „weiße Seide“ sollte gut erkennbar sein. Bedenkt bitte, das es nicht sehr viele Kajirus auf Gor gibt, die ihre Besitzer auf eine Festlichkeit begleiten.

## 18 CURRENCY EXCHANGE RATES HOY BANK

The base unit of exchange rates are the coins of the city of Tharna.

The gold tarn disk of Ar is considered to be the standard by which other cities, such as Ko-Ro-Ba and Port Kar. set the value of their own coinage. It is worth, generally, 10 silver tarsks, but standardization is slight due to the shaving or splitting of the coin as well as faulty scales that contribute to the debasing of the coinage. After finishing the grand task, the Stone of Cardonicus was carried in triumph into the safe walls again and heralds were sent out to bring message to the expatriates spread all over Gor

## # THE GOREAN RECRUITMENT CENTRE

As listed in the SL destination guide, on its Website and in World via the SL3 viewer  
And Now on the "Tumbler" Loads of New people coming and looking for RP destinations

The Gorean Recruitment Centre (GRC) has, since its creation in 2009 , expanded on a regular basis. and this is due NOT to the wishes of the Owner, but because of the needs of the people who use it.

The GRC is now a Part of the ROLEPLAY CENTRE ( RPC) but it retains its total Gorean Theme and is 100% separate from the RPC itself. they just share the same landing point. As the signs show. The GRC HALL is to the Right and through an Archway.

### NEW TO GOR Classes

Gorean Campus presents "NEW TO GOR" series of classes, that run in continuous rotation

Tuesdays @ 10 AM & 6:30 PM

in the Campus Gallery classroom

Classes are a basic introduction to SL Gor for those that are new, and a valuable review for the more experienced.

Although geared toward the Free.. kajiri will find them beneficial & valuable as well.

Gorean Campus is a safe, independent, non-commercial, non-aligned academy.

Cities sending students, have no fear of their citizens being 'recruited'.

Classes cover the (by the books) basics of Gorean behaviour, dress, deportment... and the 3 pillars of Gor, Home Stone, caste system and natural order/slavery.

## ## KNOWLEDGE

### 23 QUOTE ABOUT LOOSE HAIR AND PONYTAILS

"There are various hairdos in which such combs are worn in the hair. usually, however, the hair of slaves is worn long, and loose, or confined only in some simple way, as with a ribbon or woolen fillet. Some masters like the ponytail hairdo on a slave, which, on Gor, is usually spoken of as the "leash," or "hair leash," for, by it, a girl may be conveniently seized and controlled. Upswept hairdos are usually reserved for free women, or high slaves. They are a hairdo of that sort to a slave is the master's pleasure in undoing it, in loosening it, thus reminding even the high slave that in his arms, ultimately, she, the high slave, is yet a slave, and as much or more than the lowest girl in the most remote village. The loosening of a woman's hair on Gor in an extremely sensuous, meaningful act. "Who loosens her hair?" is a

way of asking, in effect, who owns her." - Dancer of Gor

### ## ABOUT THE NEW VOICE OF GOR

# The NEW VOICE OF GOR is a weekly Gorean newspaper since 2011.

Forerunners were the "Vonda Voice" (since 03-26-2009, issues 1-56, editor Verona Lorgsval), the "Voice of Gor" (since 07-14-2010, issues 1-133, editor Verona Lorgsval), the landa Times (since 2011, issues 1-71, editor Rarius Yuroki [Yuroki Uriza])

### # (OOC) FREQUENTLY ASKED QUESTION

Is the NEW VOICE OF GOR OOC or IC?

This newspaper is available IN CHARACTER at message boards in several cities. But it has OOC parts and IC parts which can be identified although many people mix both. We try to

keep the two separate. But if you start a storyline based on an IC article of the NEW VOICE OF GOR it would be useful for a moderator to have a log where you have read the message ICly.

The NEW VOICE OF GOR can be true or false, propaganda or journalism like on earth. There is no freedom of the press on Gor. Why let the truth get in the way of a good story?!

"Goreans were not always fooled by posts on boards.  
Those who control the public boards, it is said, control the city.  
But I was not sure of this.  
Goreans are not stupid.  
It is difficult to fool them more than once. They tend to remember."  
(Magicians of Gor)

Why is "publicare et propagare" the motto of the NEW VOICE OF GOR?

You all know that Goreans use message boards to spread news, announcements and gossip. Such are found at various points in Ar, such as the vicinity of squares and plazas, near markets, and on major streets and avenues.

Books are rare on Gor and expensive. Paper is the essential trade good of the Rencers and they sell their wares on both the eastern and western edges of the Delta of the Vosk river. The NEW VOICE OF GOR is a collection of renece paper scrolls but the editor paid some message boards too to spread the newspaper. Gorean Public Boards sometimes made people angry. Those who control the public boards, it is said, control the city.

We took our motto from the Acta Diurna [latin: Daily Acts sometimes translated as Daily Public Records] on earth. The Acta Diurna were daily official notices in ancient Rome, a sort of daily gazette. They were carved on stone or metal and presented in message boards in public places like the Forum of Rome.

Acta Diurna introduced the expression "publicare et propagare", which means "make public and propagate". This expression was set in the end of the texts and proclaimed a release to both Roman citizens and non-citizens.
